## ISLAND

The Reunion Island is in the Indian ocean between Madagascar and Mauritius.

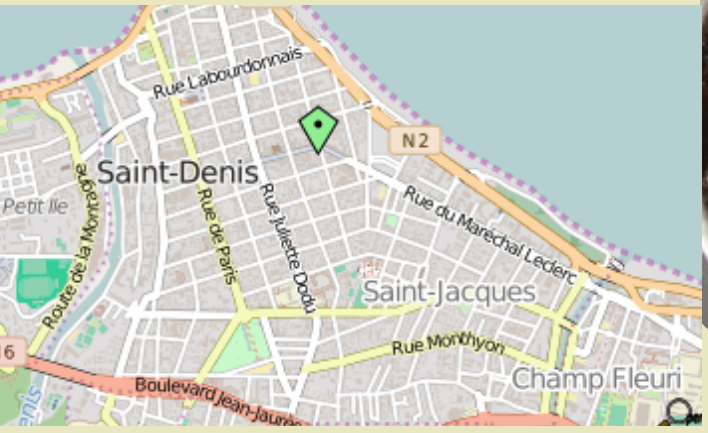

If you like art, there is the Museum Léon Dierx in St Denis

There are many paintings and statues very pretty and interesting.

There are many good things to eat for example the Boucané, Rougail Saucisse or Cive de Coq.

There are many places in Reunion; beach volcano or museum. Grande Anse is a beach of Petite Ile.

You can swim, grilling, doing partis, there is a restaurant and a basin.

But you can't camp and you have to clean the beach after your passage!
