On Thursday the 12th of March we went in lessons in the morning and after an hour we went walking by the waterfront. We went in the big wheel and had a lovely view of Cape Town. We had lunch around 12:00p.m and at 2:15p.m

we had to meet up to go to the aquarium. We were then taken in front of a big aquarium with sea weed that comes from the west coast of S.A , then she talked about the shark problem in Reunion and in her opinion sharks don't really mean to attack human being but from the bottom of the sea they get the impression that we might be seals or tortoises.

Le 11 mars, notre classe s'est rendue à ACESS Park, un groupe de magasins d'usine. Après une petite heure, nous nous sommes rendus au karting. Nous nous sommes beaucoup amusés et même les professeurs ont participé. Les six meilleurs ont participé à une course finale. Les trois grands gagnants furent : 1 Mr Stragliati, 2 Carla Nativel, 3 Matéo Grondin
