

**Médecin, Infirmier, Chirurgien-dentaire,
Sage-femme, Masseur-kinésithérapeute,
pharmacien, Technicien en analyses
biomédicales, Professeur des écoles ;
professeur de collège et de lycée ...**

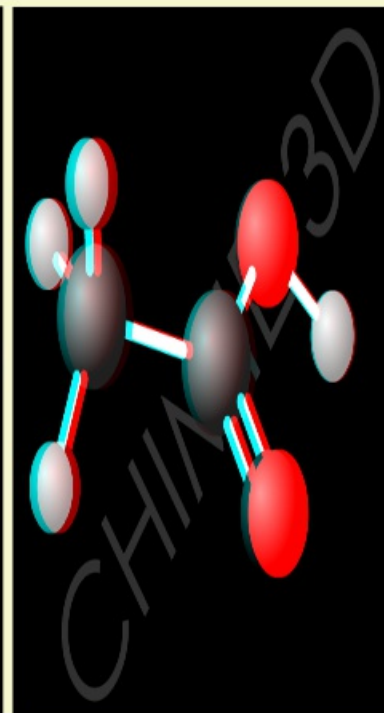

Astrophysicien

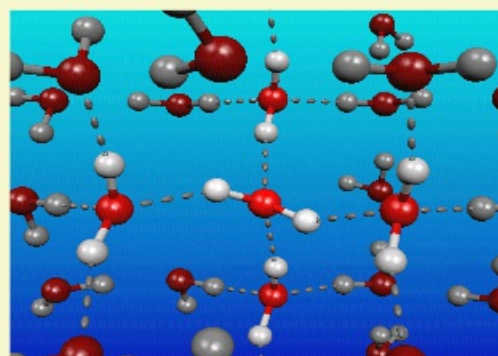

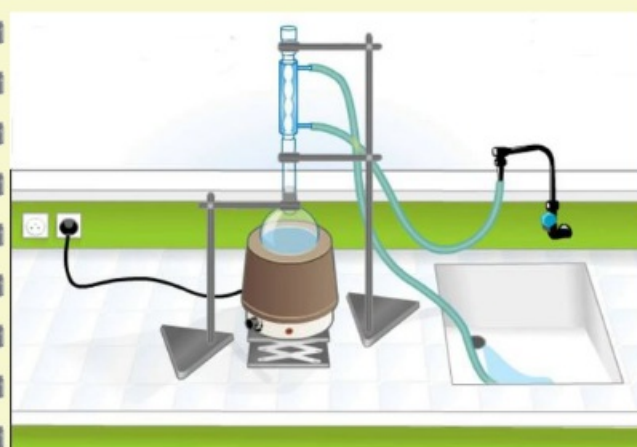

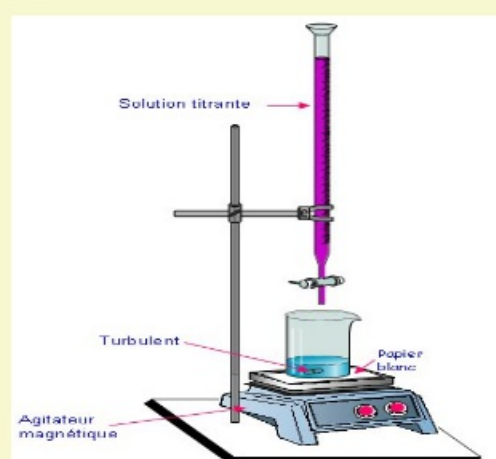

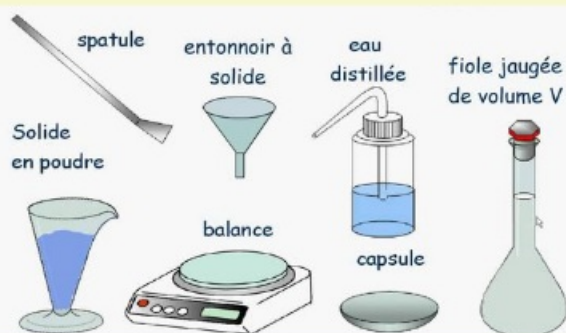

**La Physique
Chimie
Pourquoi faire ?
Quels métiers ?**

Le programme

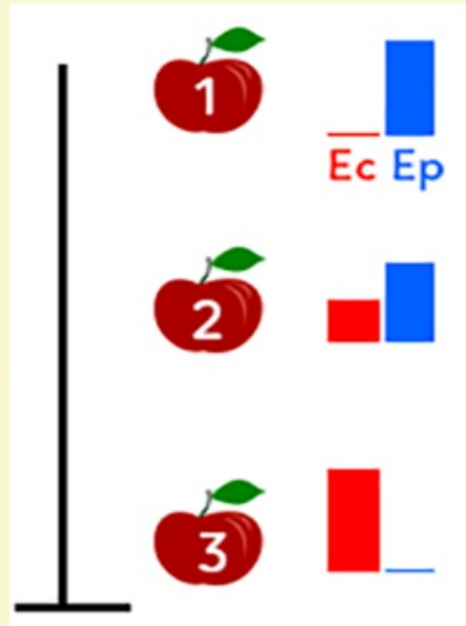

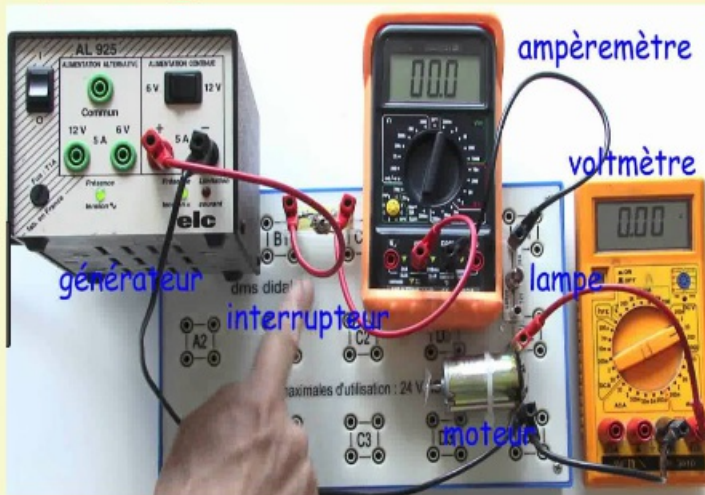

La matière

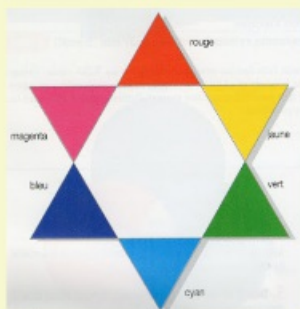

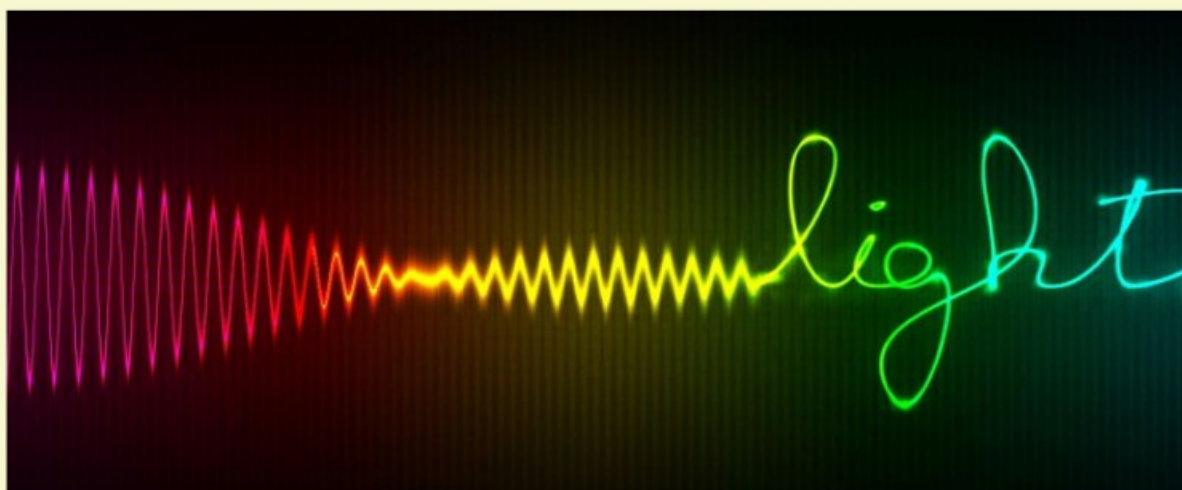

Mouvement et interactions

L'énergie: conversion et transfert

Ondes et signaux

La Physique c'est fantastique!
La chimie c'est magnifique!
