

## GOTHIC SONG

### CHORUS

True! Certainly not!

I'm entering hell

Lies to keep me lost

Death deeply ingrained

### VERSE 1

It's the reign of madness

He's the devil's puppet

Attracted by darkness

Cloudy thoughts in his head

### VERSE 2

Madness is his trademark

Scared to death of those eyes

How could it be so dark?

The veil of death in his eyes

### BRIDGE

It was a dark and cloudy night.

The smell of death was in the air.

After seven days I finally rejoiced. ( laughing out loud )

I killed them all but I couldn't stop hearing their voices.

### Ghosts' voices:

M-Why did you kill me?

S- I didn't deserve this!

M- I've come back for you!

S- You betrayed me!

M- You caused the downfall of our family

M+S -It's too late to escape

M+S -Now you come with us...
